

Today I will
create like never before.

The aurora Anniversary Edition,
440 QE and 430.

aurora Anniversary Edition and 430

OPTIONAL
Bernina Stitch
Regulator

Two amazing machines. Infinite possibilities.

The aurora Anniversary Edition and the aurora 430 offer everything you'd expect from a Bernina sewing machine and more. Their legendary stitch quality and solid Swiss precision achieve what Bernina machines are known for the world over.

The aurora Anniversary Edition is your perfect match if you're interested in embellishment, detailed garments and home decorating. Its 9mm stitch width and incredible range of decorative stitches, alphabets and buttonholes open new doors to creating the projects you've always dreamed of making.

Not to mention, embroidery has never been simpler, or more fun with the aurora Anniversary Edition and the aurora 430. The power of your PC and our embroidery module allow you to access over 400 embroidery designs featured in EditorLite. Plus, the included

EditorLite Software enables you to combine, resize, personalize and add lettering to designs.

And if you really want to explore your creative possibilities, you'll be pleased to know you can easily upgrade to the feature packed EditorPlus or DesignerPlus levels of Bernina Embroidery Software. You can choose from a wide variety of fun, adorable and elegant designs from the exclusive Studio Bernina Collections and www.embroideryonline.com.

You can also bring your creativity to the next level with the option of adding the revolutionary Bernina Stitch Regulator. With the Bernina Stitch Regulator, free-motion stitching is so easy and consistent, you'll master it in minutes. And it's great for thread play on garments, home decorations and quilts.

So, ask your dealer about trying one of these amazing machines today!

A whole new day, a whole new way to exp

Graphic Display

An informative digital display helps you view your machine and stitch settings at a glance and provides helpful reminders for necessary actions.

Stitch Selection

Choosing your favorite stitches has never been simpler. You can make your selections either by stitch number or by activating the intuitive scroll buttons. And your choice will always be shown on the graphic display.

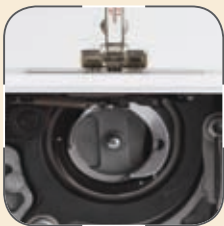

Slide Speed Control

Easily control your speed for any sewing project with this conveniently located control.

Presser Feet

You will enjoy a variety of 7 Swiss-quality, one-piece presser feet that allow you to sew precise, beautiful stitches on almost any fabric. The Bernina one-piece presser foot is known for its durability and precision.

Rotary Hook System

The high-quality rotary hook system helps you create gorgeous decorative stitches for stitch widths of up to 9mm.

Presser-Foot Pressure Display

This handy on-screen feature displays the level of presser-foot pressure. You can adjust the pressure individually for every type of fabric.

Presser-Foot Display

This convenient digital display feature shows the recommended presser foot for the sewing project at hand.

Accessory Box

Conveniently store everything from bobbins and presser feet to seam rippers and lint brushes in the included accessory box. Plus it attaches to the back of your machine for compact storage and travel.

Express yourself!

Separate Winder Motor

This practical extra motor helps save time and avoid interruptions by allowing you to wind bobbins as you continue sewing.

Buttonholes

The perfect buttonhole can make any project extra special. That's why you'll love choosing among 9 different automatic buttonholes.

Free Hand System

This knee-operated Bernina innovation raises the presser foot and lowers the feed-dog, so you can keep both hands on the fabric when guiding and pivoting.

EditorLite v5

Use the power of your PC to edit your designs with style on the EditorLite v5 software. Use EditorLite to edit designs, change colors, mirror-image, add and delete designs, combine designs. When you're ready to embroider, the software's step-by-step animations will guide you through the process.

Slide-on Table

The free-arm design of the table will make it easier than ever when stitching large tubular items.

aurora 440 Quilter's Edition

The revolutionary Bernina Stitch Regulator lets you free-motion quilt with ease.

direction and create beautiful, even stitches every time, for every design. It's just like painting with thread! Forget all those endless hours of practice, trying to get consistent stitches. With the Bernina Stitch Regulator, you'll have this difficult technique mastered in minutes. Finally, free-motion stitching really is freeing!

Today is the dawn of a new day for quilters around the world. That's because now there's an innovation that's turning one of quilting's most challenging techniques into fun and easy thread play.

It's called the Bernina Stitch Regulator, and it's revolutionizing free-motion stitching. This patented* innovation regulates the length of your stitches so you can create consistent, free-motion stitching the very first time you try it. No other home sewing machines offer this type of feature. Only Bernina! And it comes standard on the aurora 440 Quilter's Edition or as an option on the aurora Anniversary Edition and the aurora 430.

The secret of this amazing device is in the uniquely designed Bernina Stitch Regulator presser foot. When the red sensor lights up, it's ready to read your every movement. You can move your project in any

Another unique feature on the aurora 440 QE is the Start/Stop Button, which allows you to quilt without using a foot control. Use it with the Bernina Stitch Regulator for ultimate ease in free-motion stitching. Quilters and sewers alike will also appreciate Temporary Altered Stitch Memory, which remembers the changes you make as you move from stitch to stitch during the same sewing session.

The aurora 440 Quilter's Edition also offers a variety of features that will keep you embellishing for days to come: 379 stitches, including 3 alphabets, as well as the option of embroidery powered by your own PC. So, what are you waiting for? Today is the day to try it.

The aurora Anniversary Edition, 440 QE and 430.

Innovations from Bernina that help you be more innovative, too.

The aurora Anniversary Edition, 440 QE and 430 are just three examples of the innovative thinking Bernina has been bringing to the sewing world for well over a century.

Since 1893, our machines have been revolutionizing the way we sew. Every Bernina innovation helps you be more innovative in your own sewing and embroidery projects. As always, Bernina features the finest engineering and Swiss-precision stitching available—machines that are truly a joy to sew on. So, stop by your Bernina Dealer today. They are there not only to help you select the machine that's right for you, but also to support and inspire you for years to come.

Today I will go to Bernina.
