Prepare the Borders

- ♦ Print a template for border design #BC00643.
- ♦ Cut out all placemat and napkin pieces—**except the borders**—as directed by the pattern.
- ♦ Trace the border pieces on the border fabric with the fabric marker. Add $\frac{1}{2}$ " all the way around each piece; cut on this line.
- ♦ Mark the horizontal center line and the corner seam lines on the border pieces.
- ♦ Position the paper template on one border pieces so that the top of the embroidery design starts right at the corner seam line.
- ♦ Mark the center of the design on the border piece.

- ◆ Hoop the AquaTear stabilizer. Mark horizontal and vertical center lines directly on the hooped stabilizer.
- ◆ Spray the hooped stabilizer lightly with 505 adhesive and affix the border fabric piece to the stabilizer, aligning the border center lines with the lines marked on the stabilizer.
- ◆ Embroider the border design on the placemat border pieces.
- ◆ Follow the same procedure to mark and stitch the border design on one corner of each napkin center.

Prepare the Placemat Center

- ◆ Mark the center front of the placemat with vertical and horizontal center lines.
- ◆ Hoop the stabilizer. Mark horizontal and vertical centers directly on the hooped stabilizer.
- ◆ Spray the hooped stabilizer lightly with 505 adhesive and affix the center placemat piece to the stabilizer, aligning the center lines with the lines marked on the stabilizer.
- ◆ Embroider appliqué design #BC00653 in the center of the placemat following the instructions included with the embroidery collection.

- ◆ Embroider design #BC00652 in the center of the completed appliqué.
- ◆ Construct the placemat and napkins as directed by the pattern instructions.
