

Jeanne Cook-Delpit

Jeanne Cook-Delpit, Director of National Events for BERNINA of America, is a passionate ambassador for everything BERNINA. As a talented member of the BERNINA family, Jeanne shares her enthusiasm and knowledge of BERNINA wherever she goes. From trade shows to inspirational projects to educational webinars, Jeanne can be seen, read or heard spreading the word.

Contact Jeanne at jcook@berninausa.com and follow her adventures on the [Bernina Blog!](#)

Bag-ette Combo - I believe the right accessory can add the finishing touch to any outfit whether it is sophisticated or whimsical! The personal touches you add will truly make yours a one-of-a-kind creation!

Jeanne's BERNINA Journey

Sitting on my grandmother's lap at her sewing machine so many years ago I would never have thought that the enjoyment would lead to a lifetime of passion. My love for fabrics guided my path in college where I earned my BS in Clothing and Textiles with a strong Business influence. Creating my own garments opened opportunities to designing for others which then lead to teaching those who wanted to do it themselves. Of course being blessed to teach and work over six years for a fine fabric store that carried BERNINA sewing machines was a perfect combination! But the BERNINA bug bit hard and when another door opened to work for BERNINA of America, there was no turning back!

Jeanne's BERNINA Favorite Features

BERNINA has been in my life for over 20 years. My favorite presser foot is never the same! With so many from which to choose, and each one is designed to make the technique as easy as possible, I love them all! One of the latest features added to the 8 Series is the BERNINA Dual Feed. That has become a top favorite of mine no matter what task is at hand. But most importantly, I love BERNINA because their products are developed from ideas and suggestions taken by sewers like you and me who don't want limitations, just the best product on the market designed to enhance creativity and joy!

Here's Jeanne on the set of Quilting Arts TV with host Pokey Bolton.

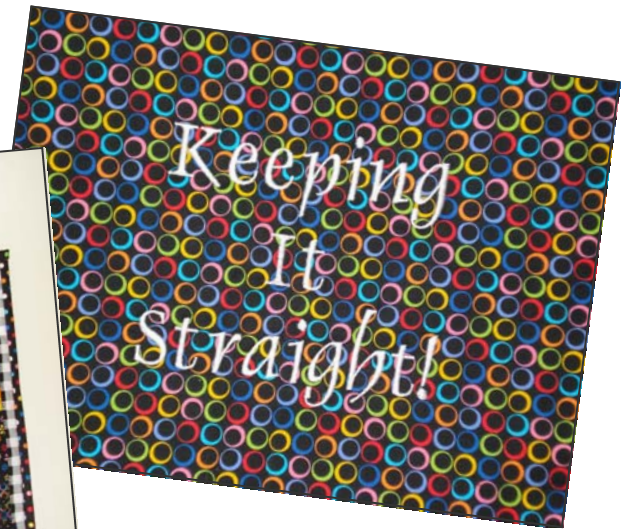

Jeanne showed viewers how to create this Preppy Mini Tote Combo on the BERNINA 830!

BERNINA of America - Director of National Events

As Director of National Events, I am fortunate to work the National Trade Shows presenting the BERNINA product line, to communicate with over 150 National BERNINA Artisans who spread the gospel about the BERNINA just because they love it, to plan and execute informative and stimulating BERNINA Universities for our dealers and to conduct consumer training sessions whether they be face to face or via webinars!

Ruler Valise - When a wonderful set of rulers was given to me, my first thought was "How am I going to keep them all organized and easy to find?" My next thought was to create a carry case to identify each one by style and purpose since!

Ruler Valise project is available at www.berninusa.com.

Jeanne Sews It All!

I remember when my seventh grade Home Ec teacher assigned our final project for the semester. It could be anything we wanted to make. I was in need of a new swim suit for the summer so I told my mom that was going to be my project. When she looked at me in amazement and wondered if I had lost my mind (my mom didn't sew!), I knew then that I could do anything I set my mind to. I wore my swim suit that summer with pride and a sense of satisfaction! Maybe I was a little amazed, too, that I actually did it! And my sewing journey continues...

Black Lace Skirt featured in Through the Needle Issue 24

Jeanne's Advice to You...

My advice for a newcomer into the sewing and textile world would be to remove "can't" from your vocabulary! Yes, you can do what you set your mind to! Try new things, surround yourself with those who aren't afraid of stepping outside the box and don't give up. I try not to make mistakes – but if I do, they become design opportunities!
